

Large Format UV LED Flatbed Inkjet Printer

# JFX200-2531

Large printing area (2.5 × 3.1 m) expands business opportunities

The large format flatbed inkjet printer JFX200-2531 is an entry model and yet has all necessary features including quality, robust performance, usability, and being environmentally friendly. The JFX200-2531 is an ideal solution for expanding business opportunities given its boosted productivity and consistent print quality.

## Larger printing area enables printing up to 2.5 m × 3.1 m size

The maximum printable area is 2.5 m × 3.1 m and the print table accommodates panels as large as 2.5 m × 3.1 m. Two 4 ft × 8 ft (1,220 mm × 2,440 mm) panels can be mounted on a single table. The printer can be divided into several units, allowing it to use the same entrance size during installation as the JFX200-2513.

\* JFX200-2531 Install Dimensions (W×D×H): 4,400 mm × 2,250 mm × 1,250 mm (173.2 in × 88.6 in × 49.2 in)

## Toggle print feature increases productivity

By employing the large printing area of 2.5 m × 3.1 m, two printing origin points can be set. The toggle print feature allows loading/unloading the print material of one side while printing on the other side. This feature improves the printing efficiency.

2 The toggle print feature allows loading the material on one side while printing proceeds on the other side.

## Mimaki' s unique printhead control technique

The JFX200-2531 provides high-quality prints with various unique techniques. Mimaki Clear Control (MCC) adds value to the prints by providing various high-quality finishes. Variable dot print resulting in smooth and beautiful prints using three ink droplet sizes. Mimaki Advanced Pass System2 (MAPS2) reduces unwanted visible banding by overprinting between swaths with a reduced number of ink droplets.

## Various ink types meet the needs of applications

LH-100 ink has high scratch resistant, LUS-120 and LUS-150 inks are suitable for printing on soft materials and LUS-350 ink is thermoformable. A wide range of ink types is offered to accommodate the application needs.
